

# Python Programming

## Homework 1: Employees System as modules

**Mostafa S. Ibrahim**

*Teaching, Training and Coaching since more than a decade!*

*Artificial Intelligence & Computer Vision Researcher*

*PhD from Simon Fraser University - Canada*

*Bachelor / Msc from Cairo University - Egypt*

*Ex-(Software Engineer / ICPC World Finalist)*

# Employees System

- We already developed the employees system project in a single file
- Use my provided solution
- Divide to separate module (py) files
- Provide a script that imports and runs the system
